

■ Mega Science Show ■

An Exciting Initiative by **Mystery Lab (An IIITD Initiative)**

Experiment	Description
■ Dry Ice Magic	Explore the fascinating properties of Dry Ice — can you touch it s
■ Smoky Bubble Experiment	Watch CO■ bubbles form mesmerizing smoky domes with soap s
■■ Magic Cloud	A cloud appears out of nowhere — see science create real magic
■ Fire on Hand	Safely hold fire in your hand — it's not magic, it's chemistry!
■ Acid-Base Test	Learn about pH indicators and see colors change before your eye
■ Volcano Eruption	Witness a live volcano using citric acid, baking soda & colors!
■ Elephant Toothpaste	An explosive foamy reaction that surprises everyone!
■ Genie in a Bottle	See smoke shoot out like a genie rising from a bottle!
■ Real vs. Fake Paneer	Live demo using iodine — can you tell which paneer is real?
■ Invisible Painting	Write secret messages that appear with a special solution.
■ Sodium Fun	Watch safe sodium reactions and learn the science behind them!
■ Pop Rocket	Make mini rockets blast off using fizzy chemistry!
■■ Talk to My Hand	Experience a fun and mysterious sound transmission trick!
■ Live Soap Making	Create your own soap while learning the chemistry of cleaning!
